

What a beautiful place!
Birch trees by the lake.
How they whisper my name
I turn back to say to you:

-1-

a lyric book

Birch Trees

by Eva Gertz

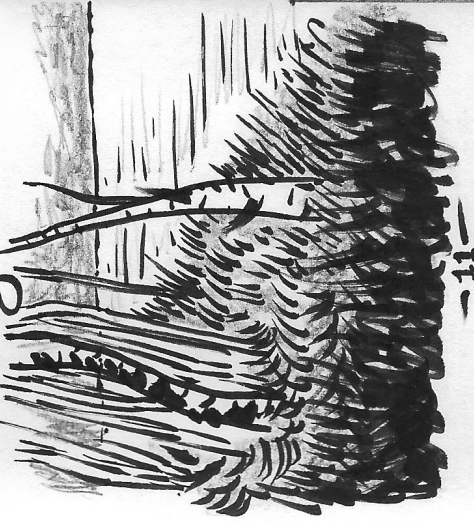

Hey, I found something...

-2-

Go explore something
something **NEW!**
something Good

-11-

I found something
Something
True
Beautiful!

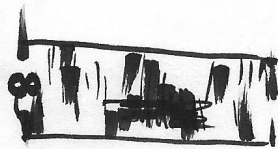

-3-

Go explore something
Something
True
Something
Pure, Explore
Something

-10-

It's a beautiful place!
Birch trees by the lake.
If you don't feel the same
I'll go back again
without you...

-6-

to explore something!

Something Good
something Good

Let me
show you something

I found something

But you don't seem
to move.
Can't peel your eyes
from that book.
You're right where I
left you last time.

What a shame to find.

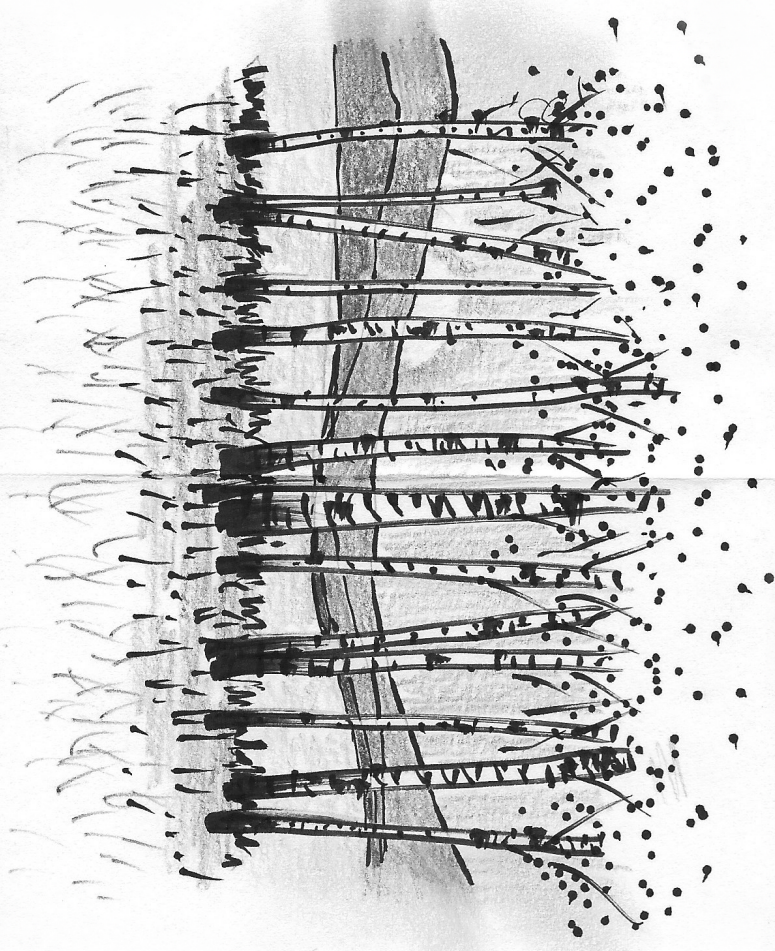

'Cause I found something
I found something

Something
True Beautiful

I found something
Come with me

I found something
Something Good.

Something Good.

It's a beautiful place
Birch trees by the lake.
